HONESTY ENTERPRISE

03 SLEEK

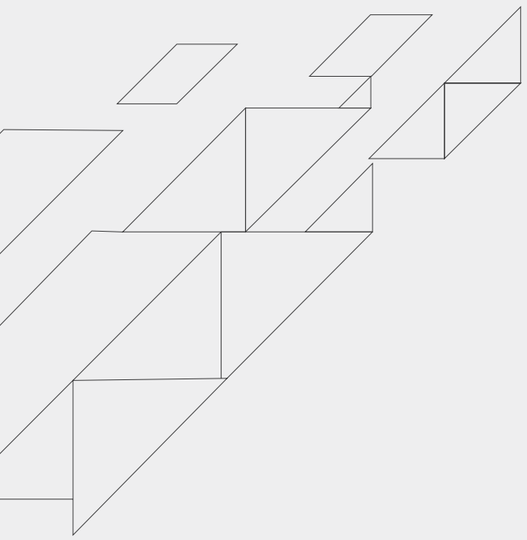
15 BLESS

25 QUANTUM

37 TRANSFORM

47 EXPERT

53 GREAT



Introducing the **Ingenious Collection**, a smart office solution that caters for your workspace's everyday needs.

Consisted of six versatile series, the **Ingenious Collection** is celebrated for its flexibility. Explore the possibilities of every piece of furniture, and use your creativity to set up a contemporary and functional office.

Within each series, there are furniture or components that are compatible with each other. As such, you may try combining different pieces of furniture with add-on components -just like how you would play a Lego set - to achieve an ideal and stylish workspace. The possibilities are endless!

You are pampered with abundant choices, as even a single series of the **Ingenious Collection** alone contains a wide range of products - such as conference tables, desks, pedestals and cabinets, etc. - and they come in different sizes and designs.

And as always, you do not have to spend a fortune to make your workspace look great. High demands for our products ensure back-to-back orders and so, the economies of scale allow us to offer you competitive prices for high-quality products.

So what are you waiting for? Fill your office with the following series today!

Sleek - Launch in 2018 , a new design for sophisticated office system furniture

Bless - modern and bold, and uses white colour to make a statement;

Quantum - sturdy and gives a mature impression;

Transform - features beautiful and competitively priced products that combine metal and melamine chipboard to create unconventional designs;

Expert - simple and nice, and uses full Melamine chipboard for the whole series;

Great - similar to the Expert series (the only difference is it uses half Melamine materials).
